

**REPORT ON CORPORATE SOCIAL RESPONSIBILITY ACTIVITIES OF
NAGARJUNA FOUNDATION DURING THE FINANCIAL YEAR 2016 - 2017**

“A Journey of thousand miles starts with a single step”.

At Nagarjuna, practicing CSR means integrating social and environmental objectives with our core business objectives to meet all stakeholders' expectations.

It implies,

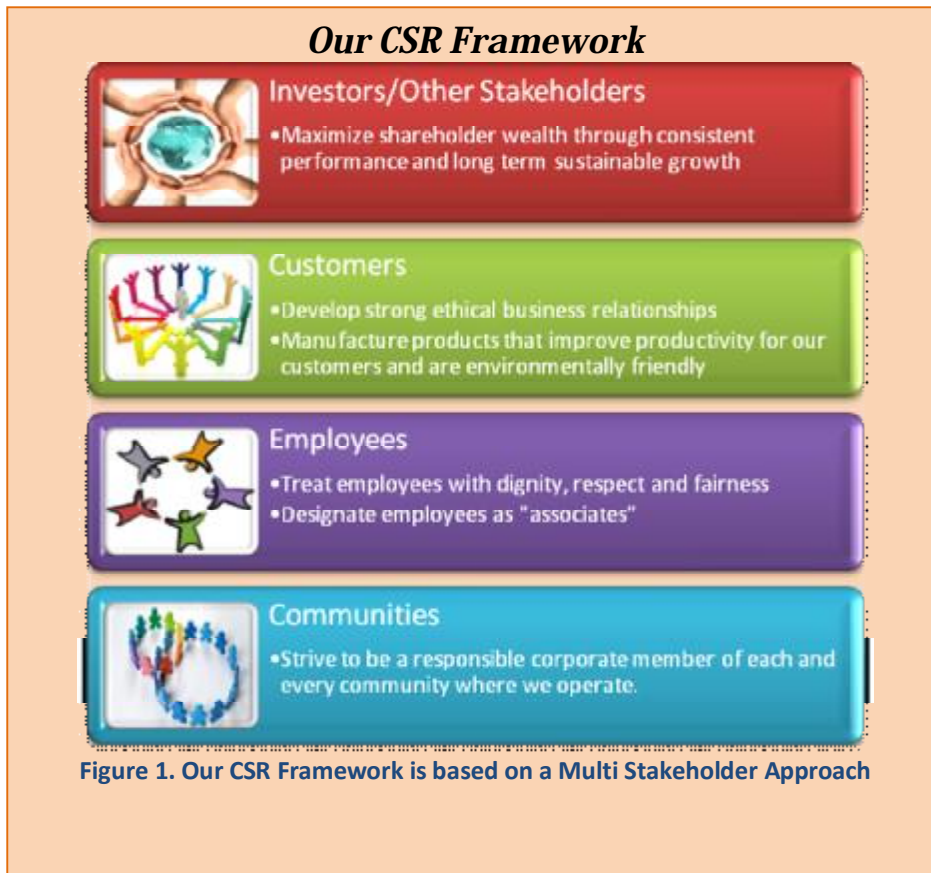

- Conducting affairs of our company in a socially acceptable manner
- Understanding, supporting and developing the communities and the cultures within which we work
- Protecting the environment and safety of the people connected with the company and the surroundings
- Enhancing the value of the company through sustainable growth

At Nagarjuna, CSR is an initiative to “create new value” to economic, environmental and social issues. We at Nagarjuna undertook a study in 2008 to assess our various CSR initiatives and provide a better focus, thrust and consolidate the various activities already being performed by the Company.

Nagarjuna Foundation was established to act as an 'umbrella' for our CSR efforts. Nagarjuna Foundation has been able to take forward this initiative and contribute to society in Social welfare, Education, Environment, Health Care, Sports and Cultural Activities.

- We recognize that we must integrate our business values and operations to meet the expectations of all our stakeholders, that includes customers, employees, regulators, investors, suppliers, the community at large and the environment.
- We recognize that our social and economic responsibility and commitment to preserve the environment form an integral part of our business. We aim to demonstrate these responsibilities through effective policy formulation and implementation.

- We take into serious consideration all feedback from our stakeholders and aim to meet their aspirations and our commitments.
- We strive to be honest and transparent, at all times, in our communication with all our stakeholders on all aspects of our governance, corporate strategy, targets and performance.
- The responsibility of translating this CSR policy into action rests with all associates throughout the company.

Nagarjuna Foundation has supported till date nearly 250 NGOs and touched the lives of nearly 16,000 infants, children, youth, elderly, several physically disabled and those infected with life threatening diseases among others. These initiatives are spread across the country where the Corporate Office, manufacturing facilities and 37 branch offices of the company are located. Nagarjuna takes up the initiatives through contribution and support which varies from donating various capital goods such as solar water heaters, water purifiers, geysers, computers, inverters, refrigerators, furniture, etc., along with essentials like groceries, clothes, school uniforms, blankets, medicines, books and other stationery items etc.

Besides these focused interventions, we do believe that “*generous giving*” to society is an integral part of our social responsibility. These initiatives are on occasions and issues that do not directly link to our business but, we being a responsible corporate citizen, are indirectly deeply touched upon.

We undertake CSR activities based on the charter approved by our Board and with the active involvement of all the associates in the company and the Group.

The voluntary participation of our members helps in developing a culture where corporate social responsibility is not considered as the management’s domain but goes beyond and percolates to the employee level.

The Nagarjuna Group always has the desire to play a proactive role in the development of society. It was always indebted to the society that not only accepted it but also provided an opportunity to grow and flourish.

The dedicated support, strength, initiative and encouragement from the associates of the Group to be part of this initiative with their contribution gave impetus to the movement.

During the year, Nagarjuna Foundation had under the below mentioned areas carried out Corporate Social Responsibility activities :

§ as a service towards society is continuing to supply Drinking Water to the public of Hyderabad at Investor Services Cell, NFCL. The public have highly appreciated this act.

§ Continue to ensure uninterrupted water supply to Kondelpeta Village, Kakinada.

§ Conducted CSR activities on the occasion of Chairman's Birthday on June 29, 2016, at various centers as under :

Corporate Office, Hyderabad	: 59 Centers
